

Welcome to the new-look schoolcentre.net!

We've redesigned schoolcentre.net to make it easier to use. This mini guide shows the major changes we've made so you can get up to speed as soon as possible.

Homepage

The main menu has been redesigned to highlight key information from your account. The information displayed is user-specific.

The screenshot shows the user interface for Sue Headly at Deycard New School. The main menu includes Home, SEF, Plans, and PM. The dashboard is divided into several sections:

- SEF Summary:** Shows SEF Actions with a table for 'Area', 'Planned', 'In Progress', 'Overdue', and 'Completed'. It notes that the SEF has never been uploaded and lists 8 attached documents.
- School Plans Summary:** Shows Assigned Actions with a similar table. It states that no actions are assigned to the team.
- Performance Management:** Lists reviewers (Sue Headly, Governor) and shows 3 objectives in progress and 2 personal actions.
- Administrator Tools:** Shows Active Sessions for Sue Headly, with session durations of 18 and 7 minutes.
- News:** A sidebar with headlines from BBC, Education, and Ofsted news websites.

Callout boxes provide additional context for these sections:

- SEF summary:** Shows the last time your SEF was uploaded to Ofsted, any associated actions in your School Plans and the number of attached pieces of evidence.
- School Plans summary:** Shows your personal Planned, In Progress, Overdue and Completed actions.
- Admin/Admin-SEF users:** Can set a System Announcement Message to all users.
- Performance Management:** Summary including the name of your Reviewer and the current number of Objectives set.
- Admin/Admin-SEF users:** Can see which users are currently logged in to the system and for how long.
- Current news:** Headlines from relevant websites to keep you up to date.
